To Whom It May Concern:

RE: Passion for Prison

The mission of Abe Brown Ministries is to compassionately demonstrate the Love of Jesus Christ by helping offenders, ex-offenders and their families to achieve productive and fulfilling lives. We provide comprehensive services that help clients of our ministry to establish an intimate relationship with Christ and address the root causes of problem issues in their lives. Through developing spiritual disciplines, the men learn life skills and preparation for gainful employment, which gives hope for sustaining their personal, family and financial futures. The end result is productive citizens in our communities—improving the quality of life for all.

Scott and Jessica Santiago are fellow servants in the battle for souls in this world. They have a God-given passion for inmates to receive the love of Jesus Christ and to be rooted and grounded in godly principles that will sustain them for life and be a preventative for recidivism. Their consistency and love for the inmates speaks not only to the inmates but some of the prison officials who have been reached for Christ, because of it.

Abe Brown Ministries believes that Passion for Prison will be an effective part of ministering to those in prison for a long time!
